RUSH TO ROOSEVELT

Vice Presidential Nomination May Be Forced Upon Him.

QUAY AND PLATT BEHIND IT.

Movement Said to Result From Antagonism to Hanna.

DOZEN OTHERS IN THE FIELD

Boosters of Long, Dolliver, Fairbanks and Woodruff All Confident.

OUTLINE OF PLATFORM GIVEN OUT.

It Fully Indorses Each and Every Act of the Administration, Adheres to the Gold Standard and Touches Upon the Boer War.

Philadelphia, June 18.—The attention both of delegates and other visiting politicians is concentrated upon the movement in the interest of Governor Roosevelt as a vice presidential candidate. The Pennsylvania delegation met early in the day and it was soon announced that the state delegation had taken a position for the governor for second place on the ticket.

This announcement was soon followed by the statement, which was made upon excellent authority, that Colonel Quay and Senator Platt and others in sympathy with them had held a conference and had decided upon a plan of campaign which was to bring Roosevelt to the front as a candidate, stampede the convention for him and force his acceptance of the nomination.

Among others who were taken into the confidence of Quay and Platt was National Committeeman Saunders, who has been doing zealous work in bringing over the intermountain states to the support of Roosevelt's candidacy. Senator Penrose of Pennsylvania and Senator Wolcott of Colorado are both in the movement, and the managers are claiming the votes not only of the New York and Pennsylvania delegates, but of California, Kansas, Nebraska, Colorado, Indiana and Illinois, as well as of many others. All this, of course, is upon the supposition that favorite sons will be eliminated from the fight.

Colonel Quay announced himself for Roosevelt because of his confidence that the governor's nomination would insure the success of the Republican ticket in November, but there are others—and they are not enemies of the colonel—who announced that his position is the result of antagonism on his part to Senator Hanna, chairman of the national committee. It was also asserted that Quay still remembered the fact that the Ohio senator had cast his influence against him in his recent effort to secure his old seat in the senate by gubernatorial appointment. Quay did not admit the truth of these statements, saying there were broader reasons for nominating Roosevelt.

It was also asserted by those in a position to know that Roosevelt's acceptance, in case of his nomination, was assured, but this was not upon stronger ground than that Senator Platt had given this assurance. There can be no doubt, however, regardless of Roosevelt's own position, that he is to be the Platt-Quay candidate, and they feel safe in the confidence that he will not decline the office if it is forced upon him.

The development of the movement in Roosevelt's behalf had the effect of bringing former Secretary Bliss conspicuously forward as the opposing candidate, and the fact was announced by those very close to him that he would accept if nominated. From the first Senator Hanna and his followers have advocated the nomination of either Bliss or Allison. The latter has made his own declaration absolutely unequivocal, thus forcing Bliss to the front despite his own disinclination to accept the position. He repeated his desire to be relieved of the responsibility, but his friends left him with the knowledge that if the nomination should be tendered it would not be declined.

The friends of Congressman Dolliver of Iowa are still enthusiastic over his chances, and they claim that nothing but an agreement upon some available man by the members of the New York delegation can prevent his nomination. They say New York should have the first call upon the nomination if it can

decide upon a man. If it does not agree upon this point, and as the Iowa people do not rate Woodruff as an available man, they will push for the nomination of Dolliver against any and all candidates. They are confident that Dolliver will be able to beat Woodruff before the convention, and will be a stronger candidate before the people at large. It is claimed by the Iowa people that they have strong assurances from nearly all of the western states and that the middle west are with him to a man.

Secretary Long will have the support of the 78 New England delegates to a man. The secretary at present is at his summer home at Hingham, Mass., and efforts will be made to communicate with him in reference to his wishes as to the presentation of his name to the convention.

The West Virginians are fully determined to present one of their senators as a vice presidential candidate. Senator Scott first proposed a boom for his colleague, Mr. Elkins, but a strong Scott sentiment began to manifest itself at the West Virginia headquarters. The delegation at least wants to place one of them in nomination and complement him with the state's vote. After that there is no definite choice thus far, although the tendencies are toward Roosevelt or some other eastern candidate.

The Michigan delegation arrived at the Walton and opened headquarters there. D. M. Ferry of Detroit, who is a candidate for the nomination for governor of Michigan, was with the party, and said that the delegation had not decided who to support for the vice presidency. There was, however, a strong sentiment among the Michigan men for Dolliver.

The Nebraska sentiment has developed quite strongly in favor of Senator Fairbanks' vice presidential candidacy, and such influential members of the delegation as Senator Thurston and Editor Rosewater regard the Indiana man as particularly strong for the place. In this connection a movement is on foot to secure co-operation between a number of western states, including Nebraska, and a meeting may be held to discuss the advisability of united action. Mr. Fairbanks has received the overtures from Nebraska and other quarters with expressions of earnest appreciation, but has said that he did not wish to be regarded as an active candidate.

Around the Oregon and Washington headquarters it is said they will both stand for Bartlett Tripp until a nomination is made. His name will be presented by General Samuel K. Ashton of Washington, and the seconding speech will be made by Wallace McCamant of Oregon.

James Boyd, delegate-at-large and a member of national committee of North Carolina, said that the delegation from his state is a unit for Senator Pritchard for vice president.

Former Governor Warrington of the Louisiana delegation was asked how the delegation would stand on the vice presidential question. "If Governor Roosevelt is a candidate," he replied, "I feel confident that he will get the vote of the Louisiana delegation."

The Texas delegation is inclined to favor Secretary Long, but will not announce its position until the Texas contest is decided by the committee on credentials. The delegation will take any man the administration may want.

National Committeeman Payne of Wisconsin expressed the opinion that Wisconsin would support Mr. Roosevelt. "For that matter," he said, "I think the whole country will be found to be for him."

Committeeman Fessenden expressed confidence that Connecticut would accept the nomination of Roosevelt joyously. "The movement is apparently becoming invincible," he said. "Governor Roosevelt would be all right in the east, and I think he will sweep the west like wildfire in a prairie."

"New Mexico is for any man acceptable to the administration," said Governor Otero, speaking for the New Mexico delegation.

This much is known—If the convention names Governor Roosevelt for vice president he will not decline. He has emphatically said that he would not accept if nominated, but it is known on the best authority that he will not decline. Nevertheless his determination to protest against the nomination until the last minute is unchanged. While he admitted that the situation looked as if he would be forced into a nomination, he was hoping that such would not be the case, and was using every effort to change the sentiment. He said: "My place is at the head of the ticket in New York state. I feel that Hanna is right and that I can do more to help Mr. McKinley by running in New York state than I can by being on the national ticket."

Lieutenant Governor Woodruff and his campaign manager, William Berry, both asserted that the boom for Roose-

velt was helping their cause. "If New York and Hanna stand firm against the Roosevelt boom, it will be exploded, and Mr. Woodruff will get the nomination," said Mr. Berry.

Elaborate preparations have been made by local committees and organizations for the entertainment of visitors during the convention. The arrangements are in charge of the allied Republican clubs of Philadelphia and vicinity. Wednesday morning and afternoon a flotilla of seven Delaware river steamers will be at the disposal of those holding one of the allied clubs' passports. They will proceed to Cramp's shipyard, thence to League Island and other points of interest along the Delaware. A band of music will be aboard each vessel and refreshments will be served. In the evening many of the clubs will give vaudeville entertainments, and in addition to this arrangements have been made with nearby pleasure resorts to extend courtesies to all the visitors.

The stream of incoming delegations set in with the early hours, and each train unloaded its quota of badged and buttoned enthusiasts. The number of club arrivals, however, was smaller than anticipated. Nearly all the delegations are now here. Ohio's contingent arrived during the day.

The Platform.

For the first time since the Republican leaders began to assemble in Philadelphia there has been some earnest work on the platform, and a draft has been made which, it is believed, will receive the approval of the convention. This document was prepared in part before coming to Philadelphia, by Postmaster General Smith, and it is understood that it was submitted to the president for his inspection and approved. Mr. Smith was in consultation during the greater part of the day with Senator Foraker, who, it is understood, will be chairman of the committee on resolutions.

The instrument so far prepared is of considerable length, but very clear cut and emphatic in its enunciations. It begins by calling attention to the promises that were made in the St. Louis convention of 1896, and after enumerating them, declares that faith has been kept almost in every instance, as is shown by the statutes which the last congress added to the laws of the country. Especial attention is called to the fact that the platform of 1896 promised that the country should be upon the gold standard, and that this pledge has been faithfully maintained. There is a clear and distinct declaration for the maintenance of this standard, and the resolutions, so far as prepared, make no reference to bimetalism. The resolutions also contain the usual declaration for a protective tariff.

The president's policy with reference to the Philippines is indorsed throughout and his conduct of the war with Spain is upheld in the strongest terms of commendation and praise. The president's course on the Boer-British entanglement is also indorsed and attention is called to the fact that under his guidance the United States has been the only nation to offer intervention between the warring nations. The president also comes in for praise because of his attitude in The Hague peace conference, and the administration is especially commended for its position and its accomplishment in the matter of an open door in China. There is no reference to the present critical condition in China. The shipping subsidy bill is indorsed.

Temporary Organization.

The Republican national committee made official announcement of the selection of temporary officers for the national convention as follows: Temporary chairman, Senator E. O. Wolcott, Colorado; temporary secretary, Charles W. Johnson of Minnesota; assistant secretaries, John R. Malloy, Ohio; John R. Beam, New Jersey; Lucien Gray, Illinois; Gardner P. Stickney, Wisconsin; James F. Burke, Pennsylvania; W. B. Bouchman, Tennessee; Warren Bigler, Indiana; John Q. Royce, Kansas; F. S. Gaylord, Connecticut. Reading clerks, Dennis E. Alward, Michigan; E. L. Lampson, Ohio; (reading clerks of representatives). Official reporter, M. W. Blumenburg, District of Columbia (an official reporter of the senate). Tally clerks, J. Herbert Potts, New Jersey; George R. Buttink, Nebraska.

The subcommittee ruled in the Delaware contests that both factions be barred from seats in the convention.

Long Interviewed.

Boston, June 18.—Secretary of the Navy Long, who arrived at his home in Hingham, said to a reporter: "I know no more of the vice presidency than you. I have ever maintained that the office is one which should not be sought. I have not done a thing to further my candidacy in any way. I have never mentioned the subject to a person unless it were broached to me, and I have not yet become an aggres-

sive candidate." He further said in regard to the suggestion that Mr. Hanna's choice would be forced upon the convention, that while Mr. Hanna may have his own candidate, he believed that the delegates will be entirely independent in the matter.

Blaine Club Leaves.

Cincinnati, June 18.—The Blaine club of this city left for Philadelphia in a special train of a dozen Pullmans. There were over 200 men in command of President Eugene L. Lewis. The First Regiment band of 50 pieces accompanied the club.

Race with a Storm.

Kansas City, June 18.—The Burlington passenger train from Denver reached the Union depot in a sadly wrecked condition, having passed through a severe hail, wind and rain storm. The train ran into the storm between Falls City and Rulo, Neb., in an open piece of country, and the engineer threw open the throttle in the hope of running away from it. The train was filled with people and the cars filled with wild excitement. Nearly every window in the train was smashed by the hail and many of the passengers were cut by flying glass.

Cuban Customs Receipts.

Washington, June 18.—The war department reports that the customs receipts in the island of Cuba for the first four months of 1900 were \$5,414,963, an increase of \$969,811 over the customs receipts for the corresponding months of the preceding year. The receipts at the port of Havana for the four months of 1900 were \$4,026,772, as against \$3,025,314 for the corresponding period of 1899.

Big Steamer Launched.

West Superior, Wis., June 18.—The steamer Charles R. Van Hise was launched at the yards of the Superior Shipbuilding company here. The big steamer slid the ways in the presence of thousands of spectators, including crowds of excursionists, who came in from the west, and a large delegation from the Union Commercial Travelers' convention, being held in Duluth. The boat is the largest ever built here, and is one of the most powerful on the lakes. Over all she is 461 feet long and her tonnage length is 439 feet.

Health Certificates Necessary.

San Francisco, June 18.—All railroad and steamship companies have been notified by the federal authorities of Washington that the Asiatics will not be allowed to leave California unless provided with a health certificate issued by the United States marine hospital officials here. Whites will be allowed to leave without certificates, but it is recommended that they provide themselves voluntarily with certificates to avoid possible delay.

Instructions to Health Officers.

Reno, Nev., June 18.—Orders have been received by Federal Health Officer McQuieslin in this city from Quarantine Health Officer Kinyoun in San Francisco to search carefully all east-bound trains for passengers from San Francisco at the state line. These were to be required to show certificates signed by the United States marine officer. In the event of their failure to produce this document they are to be turned back.

Injured in a Wreck.

Pittsburg, June 18.—Five persons were painfully injured and 15 or 20 others were more or less hurt by the wreck of the Carnegie accommodation on the Panhandle train. The accident was caused by a landslide from Mount Washington, over 100 tons of rock and earth toppling over on the train.

Congressman Drops Dead.

Dover, Del., June 18.—Congressman John Henry Hoffecker, the state of Delaware's only representative in the lower branch of the national legislature, and who is said to have been the only Republican both factions of the party could agree upon for such position, dropped dead in Smyrna.

Death of Postmaster Hess.

Indianapolis, June 18.—James W. Hess, postmaster at Indianapolis, died at his home of consumption. He had been confined to his home several weeks. Mr. Hess had long been active in Indianapolis politics, and was appointed postmaster by President McKinley in 1897.

Hours Reduced.

Minneapolis, June 18.—The Gillette-Herzog company, recently absorbed by the American Bridge company, has been instructed to reduce the working day in the local shops to nine hours, with no reduction in wages. The new scale is effective July 1.

A Week's Scouting.

Manila, June 18.—As the result of last week's scouting 60 Filipinos were killed, 200 were captured, and 300 rifles, with 23,000 rounds of ammunition, were surrendered. Three Americans were killed.

DISPATCHED TO CHINA.

American Gunboat, With Marines, Leaves Manila on a Secret Mission.

LIGHT WANTED ON THE SITUATION.

French Consul Communicates, but Says Nothing of the Reported Murder of German Minister—Wires Cut.

Manila, June 18.—The Ninth regiment has been ordered to Manila, thence it will proceed to China.

Manila, June 18.—The gunboat Concord, with marines aboard, has sailed under sealed orders, supposedly for China. The British cruiser Buenaventura has sailed for Hongkong with troops and stores for Hongkong and Tien Tsin.

Incendiary Fires.

Shanghai, June 18.—Advices from Tien Tsin report that large incendiary fires occurred in the eastern part of the city, where telegraph office and American churches were burned, besides the residences of many foreigners. Telegraphic communication is interrupted, the poles having been burned, and there is no hope of immediate repairs.

Communications Cut.

Washington, June 18.—The third day passed here without a single line of news from any official source respecting the situation in China. Inquiries of the cable companies showed that not only were the communications by wire with Peking, Taku, Tien Tsin and all northern China suspended, but the notices conveyed little encouragement for the hope that they would be soon reopened. The navy department during the day made an effort to reach Rear Admiral Kempf on his flagship Newark, at the Taku forts, at the mouth of the Pol-Ho river. Failing in this, resort will be speedily had to other measures. If in meantime word is not received from some one in authority in China.

French Consul Communicates.

Paris, June 18.—A cablegram received from the French consul at Hongkong does not mention the reported murder of the German minister at Peking or the reported destruction of the legations there. The French consul at Tien Tsin telegraphs that the European detachments sent to Peking are advancing very slowly. In the recent rioting in Peking the consul reports the Boxers burned the Protestant Episcopal establishments in the Chinese town. All is quiet in the French concession. French troops with artillery are being sent from Tonquin to Tien Tsin, where they will arrive on June 25.

Boycott Ordered.

St. Louis, June 18.—The long drawn out controversy between the St. Louis Transit company and its striking employees has now simmered down into a struggle between capital and labor along the lines of a boycott. The submitting of the question of the reinstatement of the former employees of the company to arbitration has been the bone of contention in the recent negotiations for a settlement of the strike, but like all former contentions it has resulted in nothing, the railway officials demanding an unconditional surrender on the part of the men. As a result of the company's action President Gompers of the American Federation of Labor has declared that he will do all in his power to bring the influence of the whole body of organized labor in America to bear upon the local situation in an effort to win the strike for the union.

To Attempt Taylor's Arrest.

Frankfort, Ky., June 18.—The state officials as well as representatives of the prosecution, will neither affirm nor deny the report that requisitions on governors of Ohio, West Virginia and Pennsylvania for the arrest of W. S. Taylor have been made out in anticipation of his trip through those states to the national convention. It is the general belief here that the attempt to arrest him will be made after his arrival at Philadelphia. A large number of letters from persons in this state have been written to Governor Stone of Pennsylvania urging him to follow the position taken by Governor Mount in the event Taylor is arrested.

Omaha, June 18.—C. H. King, a stock broker of this city, shot and killed James Flood, a hackman. King had telephoned for a hack. Flood, it was alleged, was intoxicated when he arrived, and insisted on coming into the house. King commanded him not to enter, but Flood kept coming. King then fired three shots through the door, killing Flood almost instantly.

THIEVES,

Said Dr. Lyman Abbott, of Trust Managers
Who Curtail Production and In-
crease Prices.

CLEVELAND, Ohio, June 14.—“We have heard much of the trusts during the past few years,” said Rev. Dr. Lyman Abbott in his address to the graduates of Western Reserve University, “and I think from the looks of things we will hear considerable more before fall. We should remember, in speaking of trusts, that a combination of men is not to be measured by its rise, but by its quality.”

“If an individual gets control of all the wheat in the country in such a manner that other men cannot get a fair show he is acting dishonestly. If a large combination of men is formed for the purpose of reducing expenses and conducting business in such a manner as to be of benefit to the community they are honest and their proceeding is honorable. But the great truth stands the same—if a combination of men is formed for the purpose of reducing production and raising prices their action is the action of thieves.”

“This truth applies whether the act be that of man, corporation or trust. Legislation against trusts is nothing new. There were legislations against combinations of trade before the days of Blackstone. Such legislation has not succeeded very well. Greed must be eliminated from the human heart in order to make this sort of legislation a success.”

ROBBING THE PEOPLE.

Sugar Trust Will “Squeeze” Consumers For
an Additional \$300,000 Per Week
This Summer.

PHILADELPHIA, PENN., June 14.—The sugar trust has at last got the American consumers just where it wants them, and has set out, for a period of at least fifteen weeks, which cannot and will not be abbreviated, but may be indefinitely extended, to take from the people the profits of \$300,000 per week, or, in round numbers to October 1st next, \$4,500,000. To this end refined sugar prices were today advanced a tenth of a cent per pound to a basis of 5.70c. per pound for granulated.

This makes a total rise of fifty-five points since May 21st, when the long-talked-about settlement between the trust and the independent refiners began to be regarded as a certainty. Furthermore, as the trust is not making refined out of raw sugars at the current market price, but for some time past has been a heavy buyer of raw sugars at low prices, it will have a clean margin of about 1c. per pound on all sugars turned out between now and October 1, without any further advance in prices. Thus, by the time the refiners get to turning out sugars from material costing 4½c. or over, it is expected that the combination will have forced prices fifteen or twenty points above their present level in order to maintain the handsome margin of profit now in the business.

It is expected that the output of the combination will exceed 200,000 barrels per week during the active season, which will extend to October 1st, and, with the most liberal allowance for the cost of refining, the corporation is likely to earn big profits. Modestly estimated at \$1.50 per barrel, the combine's profits would amount to \$300,000 per week, or \$4,500,000 in the fifteen weeks between this date and October 1st.

Thanks.

Editor Bulletin: By your courtesy I wish to thank Rev. W. T. Spears, Miss Mamie Galues, Mrs. Chas Wood and others for the delightful lunch from the Washington Presbyterian Sunday S. picnic. Many who know how I used to enjoy such occasions will believe how glad I would have participated in this could I have done so. In these latter days, when “kicks” are much commoner than compliments, it is very pleasant indeed to be so kindly remembered and by such people. Gratefully,

POLITICAL GOSSIP.

Mr. R. D. Wilson Talks of the Coming Congressional and National Election.

[Enquirer.]

Hon. R. D. Wilson, of Vanceburg, Ky., who attended the Kentucky State convention at Louisville and was elected one of the delegates to the National Democratic convention at Kansas City, was at the Palace yesterday en route home. “The convention was beautifully harmonious,” remarked Mr. Wilson, “and the Democrats of Kentucky are pluming themselves for a great victory next November. We have had a sickening surfeit of Republicanism, and we want to return to the good old peaceful Democratic rule.”

“Who are your people for in the Democratic gubernatorial race for the nomination?”

“Most of the Democrats of our section are for Hon. James B. McCreary, for with him as our banner bearer we feel that we are sure to win. He has been often tried and always found to be faithful. He is from the same Congressional district as Mr. Yerkes, whom the Republicans will certainly put up as their candidate. It is a close district, but I am confident that Governor McCreary can carry it by a handsome majority, as he has always done. The people trust him and all parties respect him. I like Governor Beckham very much personally, but I sincerely believe McCreary would make the stronger race of the two. Beckham, however, seems to hold the organization well in hand, and unless McCreary comes out he will probably be the nominee.”

“Will Hon. J. N. Kehoe, your candidate for Congress, be elected?”

“I am quite positive that he will defeat Pugh. Kehoe is a splendid hustling orator, and Pugh cannot hold a candle to him on the stump, and would not dare tackle him in joint debate. At our district convention there were a number of prominent gold standard men, who have been against us for the last four years, but who have renewed their allegiance, notable among them Judge Wilhoit, of Grayson, who was Elector for the State-at-large on the Palmer and Buckner ticket. He presided over our convention. Mr. Kehoe will put vim and vigor into the campaign.”

“To whom does the Kentucky delegation lean as Mr. Bryan's running mate?”

“There has been no crystallization in that direction, but personally I have a high regard for Congressman George B. McClellan, of New York, for the second place. I believe that such a ticket will be nominated and such a platform promulgated at the Kansas City convention as will sweep the country.”

Strength is the most noticeable feature of these excellent Corsets. Not only are they shapely and graceful in design but they stay so, through hardest wear. They are guaranteed not to stretch or bend out of shape or to break at the hips. THE Y. M. C. A.

The Fourth Anniversary Service Attended by a Large Crowd—The Year's Financial Statement.

The fourth anniversary service of the local Y. M. C. A. was held Sunday evening at 7:30 o'clock at the M. E. Church, South. A large crowd was present, most all the churches of the city uniting in the service.

The speaker of the evening Mr. H. O. Williams, International Railroad Secretary, Rev. Mr. Vaughn, Presiding Elder of the Maysville district, M. E. Church, South, Mr. Robert A. Cochran, President of the Y. M. C. A., and the various pastors of the city occupied seats on the platform.

The musical program embraced a number of selections by the choir, assisted by Mr. Lee B. Gray, clarionetist, and a solo by Miss Vaught.

The annual report was read by General Secretary Baker, setting forth statistics as to the membership and the general work the past year of the local association, as published in Saturday's issue of the BULLETIN. Progress had been made in all departments of the work, and the need of the association was becoming more and more apparent to all who were acquainted with its work in our midst. The boys and young men of the city were taking more advantage of the privileges of the reading and amusement rooms and also of the gymnasium. The Secretary and directors, however, have been hampered in their work by the lack of necessary funds although the association is conducted on the most economical lines. The Ladies' Committee had rendered very valuable financial assistance during the year.

The financial statement for the year ended June 1st was as follows:

RECEIPTS.	
Membership dues.....	\$ 340 50
Subscriptions.....	650 00
Ladies' Committee.....	173 98
Concert.....	60 00
Miscellaneous.....	35 00
Total.....	\$1,260 48
EXPENSES.	
Rent.....	\$ 240 00
Salaries.....	650 00
Light and fuel.....	155 00
Water.....	30 00
Reading room literature.....	30 00
State and international work.....	35 00
Printing, stationery and incidentals.....	100 00
Total.....	\$1,240 00
Balance on hand.....	20 48

Mr. Williams' address was an interesting and instructive one, setting forth the work of the association in all its departments. He commented especially on the fact that nearly all the great railway corporations of the country recognize the value of the Y. M. C. A. and have contributed large sums to erect and maintain association buildings along their routes for the use of their employees. He hoped the philanthropic citizens of Maysville would see in the

near future that the local association had a permanent building of its own.

Rev. F. W. Harrop made a strong appeal for a contribution to pay off the indebtedness of the association and about \$75 was secured.

The meeting then closed with singing the hymn, "Blessed be Tie," the benediction being pronounced by Rev. Dr. Barbour.

Benefit Concert.

Few cities can boast of an orchestra as up-to-date and generally popular as that enjoyed by Maysvillians. Few orchestras have a more competent leader and delightful pianist, than the one the citizens of this town applaud, and to whom something more than applause is due. Tuesday evening, June 19th, the people are to have the opportunity of showing their appreciation by attending the benefit concert for Miss Berry and Prof. Bullett. The program will be made up of selections for the full orchestra as well as solos for its different members. Miss Berry's long work in the musical growth of the town and her accommodation to her friends deserve to bring out a goodly number of our people on the evening before named.

Encourage an organization that means so much to all other entertainments by being one of the large audience—that should greet them on the evening of the 19th at the Christian Church. Admission 25 cents.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

"The volume of business transacted on the breaks this week shows a good increase over the previous week and compares favorably with the same week last year.

"Good to fine redried new leaf was in good demand, and some excellent prices were obtained. In our judgment these types of tobacco were very firm and appreciably higher. Good to fine trash and lugs in dry order sold at prices fully up to former quotations. The bidding on these sorts, as a rule, was satisfactory to the seller, and very few rejected bids were recorded. The low common sorts of all types offered showed a shade less animation in the bidding, and may be quoted as selling a half cent under last week's prices for the same sorts.

"The demand now is for a better class of tobacco, and shippers should attempt to supply this requirement rather than to force the common sorts on sale to the detriment of the general market. The supply of leaf is none too great for present and future requirements, and by offering judiciously, a steady and satisfactory market can, and will, be maintained.

"We would also suggest a better distribution of the offerings, viz: Offer more tobacco on Tuesday and Friday and not crowd the week's business in two days. The sales cannot be handled on Wednesday and Thursday only and serve the seller to the best advantage."
